The Common Agricultural Policy of the EU and further Policies – Interactions and ComplementarityFebruary 17th to 18th, 2022

Direct payments are an essential part of the CAP and one of the significant resources of incomes for farmers. This support is connected to meeting the cross-compliance requirements. These are the result of political interest in agricultural production respectful to environmental protection, food safety and animal health and welfare.

Since the Rural Development Programme also provides a notable support for farmers, the required conditions are binding for both CAP pillars. Therefore, this support mechanism is considerable complex and affecting also other policy areas such as environmental, food, cohesion, land and rural development policies. To provide an insight for future farmers and managers, this workshop sets out to explain the partial aspects of the CAP and ease the understanding of this policy.

The workshop aims to provide the participants with expert information on individual components of the CAP and other EU policies. The main benefits will be acquainting with conditions in Slovak agriculture, improved orientation in measures of the Rural Development Programme for SR for 2014-2020 and better understanding of interactions between CAP and other EU policies.

ProgrammeFebruary 17th, 2022

09:00 – 09:10	Welcome
09:10 – 09:30	Brief introduction to the content of workshop
